

# Yunus Emre Bagca

## FRONTEND WEB DEVELOPER

---

### ABOUT ME

Hello! I'm Yunus Emre Bagca, a passionate and driven Frontend Developer with a strong commitment to crafting exceptional web experiences. My adventure in the world of coding began with a fascination for how websites worked and a determination to make my mark in the digital landscape. Over time, I've honed my skills, and today, I specialize in using React and core web technologies like HTML, CSS, and JavaScript, as well as Next.js and TypeScript, to build robust, efficient, and dynamic web applications.

### PERSONAL PROJECTS

#### Blogga: Next.js Contentlayer Mdx Blog Project

- Developed Blogga, a blog site, using Next.js and SCSS
- Used ContentLayer MDX to combine Markdown with React components

[Live Preview](#) [Github Repo](#)

#### Leevi: Html Scss Responsive Agency Website

- Designed and developed a responsive agency website
- Using HTML and SCSS to create a visually appealing and user-friendly online presence
